

Seminar for New Members of National Boards

Participants at the last event

Aims and Content

To give new and potential members of National Boards an opportunity to develop key skills and knowledge that will help them to be effective and to have confidence in their new role. For example:

- Basic introductions to various topics such as finance, principles of governance, programme and training and other core subjects
- Communication Skills
- Strategic Planning Skills

The workshop will be tailor-made to the needs of the participants and participants will be encouraged to share issues they may have to deal with.

The training will be jointly organised with common sessions and WAGGGS or WOSM specific sessions.

Priority Areas

- Structure and Management

Suggested follow up by participants and their associations

Participants must be members of National Boards or national working groups so that they can put what they have learned and experienced into practice. It would be useful to have a mentor available for the participant from their home Association to assist them after the workshop. More information on this will be given in the event invitation.

Participants Profile

- New Members of National Board (less than 18 months since appointment/election)
- Prospective Members of National Boards likely to be appointed/elected within 12 months
- Members of National Working groups – e.g. Programme and Training Committee
- We particularly encourage the participation of young people.
