Join-in-Centenary

Join-in-Centenary is a year long programme of fun activities and events, based on a resource pack, to help every Scout participate in the Centenary of Scouting to the full no matter where they live.

The Join-in-Centenary pack will be available in sections for different age ranges, and in multiple languages on the internet.

Are you going to join in?

Here are some ideas:

- See the information available on **www.scout.org**
- Download the available materials when available
- Contact your National Scout Organization to find out about local and national events and activities
- Discuss this at your local Scout meetings
- Plan Join-in-Centenary activities with your Scout group throughout 2007
