Games on Spiritual Development

?SPI?, as in ?spirituality? or ?spiritual development?. Frightening words? No. Words that give food for thought and a choice in personal values. It is your challenge to organise a SPI activity, in your group, your local programme council, your regional meeting? Through the pages of this ?spiritual handbook? you will find a lot of information, references and activities to organise with your group. Just go for it! All local and regional leaders are capable of organising a SPI activity. Published in conjunction with Scouts et Guides Pluralistes de Belgique.
