International Scout Aid for Haiti

First Report to Donors - September 2010

Haiti, January 12 2010, 12h53: A violent earthquake of magnitude 7.3 ravages the country and its population: 230?000 dead and 300?000 wounded.

Over one million people are displaced?

Soon after the initial quake, Scouts mobilised to bring aid to the Haitians. Since then they have not stopped working.

The World Scout Bureau quickly made itself available to the NASH in order to coordinate the different aid proposals from National Scout Organisations and also to manage the international call for donations as well as to assist in managing the relationships with international relief organisations.
