## 2nd Workshop in the Long Term Growth Project

Author:

Saved From : [www.scout.org](http://www.scout.org)

Last weekend the second workshop in the Long Term Growth Project took place in Antwerp. Before the workshop participants had worked on a large document that describes factors that impact growth. This document was reviewed during the weekend. At the same time a new phase in the project was started. In the supporting growth phase, they will execute little projects to support growth in the different associations and the region.

The report will follow as soon as possible.
