Very successful Training Commissioners Network Meeting was held from 13 to 16 September 2007 in the Glodowka Scout Centre, in Poland. Aim of this Network Meeting was to provide space for sharing experiences and establishing partnerships between National Training Commissioners.

This Network Meeting was an opportunity for National Training Commissioners and others working on or with training to get to know each other, exchange and learn from each others and get information about the developments in this area on national, European and World level. This was the first event of this kind, at least in recent history of Scouting in Europe.

19 participants from 12 countries used this opportunity and benefited from the open and empowering atmosphere. Sharing and needs of the national Associations were in the forefront of the work and many ideas were identified and offered to each other and the Region.

Mains questions & tasks during this event were:

? Be a better Training Commissioner

? Meeting people and sharing

? Better training

? Recognition

? European and national plans

There is a general consensus that a new meeting is needed, every two or three years.

Training notes and presentations and outcomes from the Meeting are posted in special folder on the [Adult Resources Network on the Community Zero](#)
