The horrors of war

Longing for peace after three years of war, in 1917 B-P wrote "The roots of Scouting have grown among young people of all civilised countries and are developing more each day. It might be thought that if in years to come, a considerable proportion of the future citizens of each nation forms part of this brotherhood, they will be joined by a bond of personal friendship and mutual understanding such as has never existed before, which will help to find a solution to terrible international conflicts."
