

Growth Network is growing

Autor: Katrina Kelly

Saved From : www.scout.org

The Network meeting in Firenze was held from 6 to 8 November 2009 with lots of new participants joining longer established ones making the event a special one.

Besides the Growth Network experienced participants, there were some new members this time. This made the atmosphere new and inspiring. Having the chance to network with new people made the Growth Network meeting to a very special one. It was also very special because the local Scouts of Firenze prepared an excellent and fun night tour through the city.

This time the planning team tried to get a lot deeper into the topics of Registration/Evaluation/ Analysis, Adult Resources and External Factors. If

you want to know more about what was covered at the Growth Network, please have a look at <http://growth.europak-online.net>

Looking forward seeing YOU at the next Growth Network!
