

Misaershaff newest SCENES Centre in Luxembourg

Author: Rod Abson

Saved From : www.scout.org

The Misaershaff Youth Training Centre has been designated the newest SCENES Centre (Scout Centre of Excellence for Nature and Environment) having met all of the key requirements for a SCENES Centre.

This old farm, built in 1833, is situated along the river banks of the Haute-Sûre. It has been the FNEL's (Fédération Nationale des Éclaireurs et Éclaireuses du Luxembourg) national training centre since 2003. Offering a variety of environmental education programmes, demonstrated environmental management practices and picturesque natural settings to explore, Misaershaff is a great location to experience the natural wonders of the environment.

For more information on the SCENES Centres please see the SCENES Section of the [World Scouting Website: www.scout.org/scenes](http://www.scout.org/scenes)
