## **38<sup>th</sup> World Scout Conference Jeju Island, Korea 2008**

### **Pre-Conference Workshops**

**Sunday 13 July, 14.00 – 17.00**

**The Four Workshops being offered are (for details, see below):**

1. The Rover Scout Programme and the Scouts of the World Award
2. Education for All – Reaching out to young people who are not involved in Scouting
3. Environment Education in Scouting and the World Scout Environment Badge
4. Scouting's Profile

**Workshop 1: The Rover Scout Programme and the Scouts of the World Award**

**Aim:** To present the new Guidelines on the Rover Scout Programme to National Scout Organizations and demonstrate how the Scouts of the World Award can be implemented within the Rover Scout Programme.

**Description:** For Rover Scouts their most important challenge is to find their own way in life. They have to enter the job market and start a professional career; they have to prepare themselves for this and build and maintain positive relationships with both genders and with people of different ages. Finally, they have to learn how to take responsibilities in their communities as active citizens at local, national and international levels. Guidelines for the Rover Scout Section have been developed and these will be presented in this workshop with the Scouts of the World Award; which is an award to help young people become active citizens in their local, national and international communities.

**Date/Time:** Sunday 13 July 2008, 14.00 – 17.00 hours

**Venue:** The International Convention Centre, Jeju.

**Target Audience:** National Programme Commissioners, Commissioners responsible for the Rover Scout age-range, Rover Scouts, Scouts aged 18-25.

This workshop will be led by João Armando Gonçalves (Portugal), Chairman of the Adolescents and Young Adults Task Team and supported by Andrés Morales, Unit Manager, Adolescents and Young Adults.

**Workshop 2: Education for All – Reaching out to young people who are not involved in Scouting**

**Aim:** To present the new Guidelines on Scouting for young people with Special Needs and Scouting for Children in Especially Difficult Circumstances and to encourage NSOs to set up programmes to reach out to disadvantaged young people in their communities.

**Description:** Participants will be encouraged to share experiences and strategies with other adults who share their passion in promoting our Founder's belief that Scouting is available to all young people. Come and be prepared to swap experiences, share ideas and dream about how Scouting can be extended to all young people as we commence our second 100 years.

**Date/Time:** Sunday 13 July 2008, 14.00 – 17.00 hours

**Venue:** The International Convention Centre, Jeju.

**Target Audience:** National Programme Commissioners, Commissioners responsible for Community Development, Commissioners responsible for Scouting for young people with disabilities,

This workshop will be led by Peter Blatch (Australia), Chairman of the Education for All Task Team, supported by Srinath Tirumale Venugopal, Unit Manager, Education for All and Spiritual Development.

### **Workshop 3: Environment Education in Scouting and the World Scout Environment Badge**

**Aim:** To introduce Principles of Environment Education in Scouting and identify new opportunities for environment education through the Youth Programme, a proposed World Scout Environment Badge and SCENEs Centres. (Scout Centres of Excellence in Nature and the Environment)

**Description:** *"Nature study is the key activity in Scouting and Guiding."* - Baden Powell. The environment has always been an important part of the Scout Programme. Through a wide variety of outdoor activities Scouting provides opportunities for young people to experience and connect with the natural world. We need to ensure that Scouting also provides opportunities for young people to examine and understand the impact of their actions on both their local environment and the global environment. The environment is a truly global subject and Scouts is a truly global organisation. Through environmental education Scouting can really make a difference.

**Date/Time:** Sunday 13 July 2008, 14.00 – 17.00 hours

**Venue:** The International Conference Centre, Jeju Island.

**Target Audience:** National Programme Commissioners, Commissioners responsible for the Environment, Scouts and Rover Scouts.

This workshop will be led by Lucy Mace (UK), Chairman of the Environment Education Task Team, supported by Rod Abson, Unit Manager, Environment Education and Information Management.

### **Workshop 4: Scouting's Profile**

**Aim:** To present the new World Scout Brand and explore the ways in which this unprecedented tool can contribute to a greater visibility of the Scout Movement while supporting our growth and development goals.

**Description:** Participants will have the opportunity to work with other delegates from all over the world on defining the best ways to communicate to external audiences the reality and potential of our Movement as an educational force and how to spread the right key messages to the media. Participants will also have the chance to learn about taking advantage of new technologies in order to better promote our Scout values, develop new networking frameworks, identify external partnership and even discover together new sources of income from the corporate sector.

**Date/Time:** Sunday 13 July 2008, 14.00 – 17.00 hours

**Venue:** The International Conference Centre, Jeju Island.

**Target audience:** Chief Commissioners, decision makers and those with responsibilities in the area of Media and Communications of their NSO.

This workshop will be led by Mario Diaz Martinez (Spain), Member of the World Scout Committee, & Chairman of Branding and Communications Task Force, supported by Richard Amalvy, Director, Branding, Communications & Media.
