EDUCATION AND THE WORLD SCOUT MOVEMENT: EXPERIENCES AND CHALLENGES

**World Scientific Congress,
Palais des Nations (Geneva) and the University of Geneva
16-17 November 2007**

A CALL FOR PRESENTATIONS

**(Action-research, or other significant practices in Scouting,
other non-governmental organisations (NGOs)
and intergovernmental organisations (IGOs))**

You are invited to submit a **presentation proposal** on one of the 12 workshop themes presented in the preliminary programme agenda. Please define the issue clearly with a brief outline of the salient points (+/-250 words) and attach your CV (max. 1 page). Please send your submissions to the [Secretariat of the Organising Committee](#) by **30 May 2007**.

The event will feature two types of presentations:

- A summary of practices or projects (if at all possible, for those concerning Scouting, please include a reminder of the historical context of the Movement's role in terms of the theme).
- A single outstanding project undertaken within the Scout Movement, another NGO or an IGO).

The Scientific Committee will let the presentation authors know whether or not their proposals have been accepted

by 15 July 2007 at the latest.

Verbal presentations concerning the first type are limited to 20 minutes, and those concerning the second type are limited to 10 minutes. You may make your presentation in English or French, but you must provide the text in writing to the organisers in whichever of the two languages in which you will be making your presentation.

On the World Scouting web site (www.scout.org) you will find a special page on this event presenting:
