Another important step has been recently taken to give to more Scouts the chance to visit Kandersteg International Scout Centre and experience the Permanent Mini-Jamboree!

KISC and the WOSM European Scout Region signed an agreement, which allows Scouts and from Eastern European countries to stay for free on the Campsite.

In fact there is an allocation of 500 free overnights per year on the Campsite to be used by Scouts from the aforementioned area. For those who would like to stay indoors and enjoy the atmosphere of a typical Swiss Chalet or one of the Centre's newest buildings, all the rates for indoor accommodation have been reduced for the countries in the WOSM B to D categories.

This is a wonderful opportunity both for those who have already been in Kandersteg and would like to return, as well as for those who have never visited B.-P.'s dream, the place where International Friendship is more than a idea, it is everyday life!

Come and live you dream!
