Volunteers in Scouting Toolkit

For Scouting to grow and develop it needs volunteers who have a wide range of skills and experience. Sometimes the vision of who can volunteer to support Scouting is too narrow, sometimes we are not clear what we expect from our volunteers and sometimes we are not aware what our volunteers expect from us.

The Volunteers in Scouting Toolkit covers a series of topics to help National Scout Organizations to consider their approach to volunteering, explore what volunteering means in their country, determine their current situation, have a vision for the future and then make plans to achieve these goals.
