October 2010

**Report to donors, International Scout Aid Haiti**

Dear Colleagues,

Soon after the earthquake that hit Haiti, in January of 2010, the International Scout Aid was organized to come to the aid of the youth and population of the country.

Eight months after this catastrophe, we are happy to announce that 1'502'700 USD was raised thanks to an incredible mobilization and partnerships effort.

The breakdown of the proceeds is as follows:

Funds raised through the World Scout Bureau	315'000 USD
Scouts et Guides de France and francophone cooperation	702'700 USD
UNICEF	485'000 USD

A 5 year project called « Involve the Haitian youth in the reconstruction and development of the country » was elaborated and launched, with significant support from UNICEF. We are confident that the National Association of the Scouts of Haiti (NASH) has the capacity to implement this ambitious and generous plan. Members of NASH have shown a great capacity of reaction and action at the service of the people of their country. They have acquired recognition from all public and private actors who are working towards reconstruction of the country.

You will find a full report on the fundraising and on the five-year project on [scout.org](http://scout.org/report_haiti) at: [scout.org/report\\_haiti](http://scout.org/report_haiti)

Together with all of you we wish to NASH full success and the necessary courage in the continuation of its action.

Yours in Scouting,

**Luc Panissod**
