

Tell Us

Author: Thierry Tournet

Saved From : www.scout.org

Is your Scout group running an exciting project, programme or event?

Would you like to share your stories with Scouts worldwide on our website?

On the scout.org News Section you can find information and articles detailing what Scouts around the world are doing in their communities. We are always looking for stories to publish, so if you would like to tell us about a large event or activities taking place in your country, so that we can share your plans and inspire others, please send us the following information:

- **WHAT** the project is
- **WHERE** it is taking place
- **WHO** is involved
- An **ACTION PHOTOGRAPH** showing Scouts involved in the project

Send your stories and photos to media@scout.org

Send 'What, where, who and how' information to the above email address, thank you.
